

READY GOLF TIPS

- The first person that is ready should hit. That goes for the tee box as well.
- Keep the team in front within your sights. If you cannot see the team ahead, your team may need to speed up.
- When you are on the tee box, the team ahead should be on or before the green.
- Be aware of how much time you spend looking for balls in the woods. Too many amateurs end up traipsing through the trees in search of a ball that will provide an unplayable lie even if found. Don't be afraid to declare a ball lost.
- Don't wait in the cart for your partner. Drop her off, go to your ball and get ready for your shot. If you want to leave the cart, that's fine, but take a couple clubs and start walking. Nothing wastes more time than sitting in the cart watching someone else play.
- Don't mark every putt. If you have a two-footer or something, go ahead and knock the ball in the hole. Don't rush your putt though!
- Fill out the scorecard on the next tee box, not beside the green where you just putted out.
- If one player squanders just 30 seconds per hole, which isn't hard to do, that's nine minutes per round.

Golfer: Think I'm going to drown myself in the lake.

Caddy: Think you can keep your head down that long?

Golfer: Do you think I can get there with a 5 iron?

Caddy: Eventually.
